BRAESTONE ESTATES: OHBA 2018 AWARDS OF DISTINCTION WINNER

Thoroughbred model wins award for Production Built Home (Two - Three Storeys up to 2501 SF and Over) category by Ontario Home Builders' Association

(Ottawa) September 24, 2018 – Braestone Estates is proud to announce that the Thoroughbred model has been awarded for the best Production Built Home (Two – Three Storeys 2501 SF and Over) by the Ontario Home Builders' Association (OHBA). We are very proud of this award and for being recognized as the top builder in the province in this category. Braestone was up against notable builders, Minto Communities and Mattamy Homes, whom were named finalists for the award.

The Thoroughbred model has been designed using a 'continuation architecture' approach, with principal rooms at the home's core, resulting in more majestic homes with wider, and more interesting layouts that better complement Braestone's large acreage lots. The homestead-inspired exterior was designed by award-winning Hicks Partners Architects. Each beautiful homestead will stand majestically on a ½ to over one-acre lot and will be positioned to maximize the views from the interior as well as the country porch. The wide and interesting layout of this 2,720sq.ft. homestead, with additional 318sq.ft. porch, invites the flow and flexibility that characterizes a vibrant and authentic lifestyle.

Plan your visit to our award-winning sales centre and model homes at 3288 Line 9 N, Oro-Medonte to experience all this remarkable community has to offer. To register for Braestone Estates or to learn more about this development please visit www.braestone.ca or call 705-727-5656.

ABOUT THE DEVELOPER
